

Declaration of the National AAAEA

11/11/2011

On the 11th day of November, 2006, the first organization for Arab engineers, architects and information technology professionals convened for its first national conference. The conference was attended by its ambitious members who created a 5-Year Plan, and a steering committee that would help implement this plan was created in September, 2007.

Five years later, on the 11th day of November, 2011, the National AAAEA is able to proudly announce its success in seeing through the 5-Year plan to completion. It was through the extraordinary efforts of the Chicago chapter and other notable members that the AAAEA across the nation was able to reach every milestone in this process and fulfill the dream of "Going National Together." For the first time, Arab students and professionals in the engineering, architecture, and information technology fields have an organization that maintains and promotes a cohesive community and a national networking system.

The National AAAEA is comprised of the following chapters:

1. California
2. Capital (DC, MD, VA)
3. Illinois
4. Indiana
5. Michigan
6. Minnesota
7. Texas
8. Tri-State (NY, NJ, CT)
9. Wisconsin

These chapters will continue to perform the duties of the National AAAEA by-laws while maintaining its impeccable reputation.

Furthermore, the Grand National Convention launching the National AAAEA was held in-Chicago on November 11, 2011. Delegates from each chapter were invited to attend and celebrate the national establishment of the National AAAEA. It was through the tireless efforts of many dedicated individuals that the National AAAEA was able to accomplish all of its goals; and we invite you all to celebrate your accomplishments with us.

Signed on 11/11/2011

State	PRESIDENT'S NAME	State	DELEGATE'S NAME
California-So.Cal	Amjad Obeid	California-So.Cal	Gus Nakhoul
